Dear Member Sahib Jio:.

RE: Matrimonial Services

Due to prevailing circumstances the Sikh families are finding it difficult to find suitable matches for their children's marriages. Ramgarhia Sikh Association has also been constantly approached by members to organise some sort of assistance in this regard. The Association has decided to operate a Free of Charge, Marriage Bureau, to assist the members, in particular and the Sikh Community in general, throughout the U.K. The service will operate in liaison with other such services run by many Gurdwaras in the U.K., and also with suitable overseas operators, to provide a wide range of choice for the families.

I enclose relevant documents for your interest and perusal.

NB: The Marriage Bureau run by The Ramgarhia Sikh Association only provides information to introduce the families. This information is given to us by the families on our prescribed application forms and is accepted in good faith. Please note that the Ramgarhia Sikh Association shall not be responsible for any unfortunate breakdown of relations after the marriage. Families are strongly advised to check and verify the particulars and other information which the families have provided on our application forms.

I sincerely hope all the community will benefit from this service. Feel free to put forward your comments and suggestions in writing.

Yours truly,

Chairman Marriage Bureau.
